Manlius Library Writers Group

On the first and third Wednesday of every month at 3:30 pm, creative minds get together to try their hands at fast writing exercises, share work, and offer constructive critique for writers of all experience levels and genres. Drop in!

Greetings from the Bookmark Cafe!

At just \$1.25 a cup we offer a wide variety of hot drinks to keep you warm, including hot apple cider and hot chocolate with whipped cream. We have pastries, candy, instant soup and other snacks. Come see our festive candy arrangements and baskets for a cute gift idea!

From Pamela Gottheld, Volunteer Coordinator

In honor of National Volunteer Week, April 10-16, we would like to thank our wonderful volunteers here at Manlius Library. Our volunteers work in the café, assist with children's programming, straighten sections of shelving, pull holds, help with our book sale, and so much more!

Manlius Library volunteers are a crucial part of everything we do and our success. We will hold an ice cream social for our devoted volunteers in August.

A Letter From Jen, Library Director

Change is constant for all of us; nothing seems to stay the same for long. There has been a lot of changes at the Manlius Library this past year as we celebrated our centennial, acquired an Audubon art gallery, created a new teen & technology room, and reorganized our collections. New programming is coming every month, from increased children's programs to Lincoln Center screenings, Great Decisions discussion groups, and Monday Matinees. If there's a program you'd like to see, let us know!

We also have a number of new services and technologies available for our community. We now have PC laptops as well as MacBook Pros, complete with the Adobe Creative Suite, that are available for in-library use. If you haven't had a chance, please try out Hoopla, our newest digital service that will allow you to download movies, TV shows, ebooks, audiobooks, and comics. We even have iPads and other e-readers that you can take home to use if you don't have your own. And if you're a little unsure about all this tech stuff, you can get one-on-one tech sessions with our very own expert!

There will be more changes coming, both to the building and the materials and services that we provide, but some things will never change. The library is still the best place to relax, to learn, to be entertained, and to be inspired.

We appreciate your patience and support as we work to create a better library for all of our community members.
