**Director’s Report** (Jennifer Milligan):

- OCPL still is working through the issues resulting from the ransomware. Obviously, the outage had a large impact on our circulation statistics and generated fine revenue for the summer. With bare children’s bookshelves, a “Little Free Library” was set-up in the Children’s section with books donated by the library for children to take home.
- Once we were able to check books back in, the Manlius Library staff checked back in 12,000 books in 3 days!
- NYS mandated sexual harassment training took place online through ADP and was completed by all employees. This is an annual requirement for all employees.
- The library will be closed for a staff development day on October 25.
- We received notification of award of the construction grant for the quiet study area.
- An update to the library’s network server will take place in October 13 and will provide increased security and back up. Alex is working with each staff member to evaluate their hardware and software and address any security issues.
