

## Welcome to Jr. Detectives!

Each week of our series we will think and act like detectives:

- Imagine you are a detective! Get your notebook and pencil ready!
- View a motivational spotlight to learn more about the job of a detective
- Look at our clues for the week
- Investigate and search-this can be done via books, newspapers or articles online or in person with a grown up as the clues will lead to somewhere in the community. (or explore in person after you think you've solved it!)
- Do a Just for Fun! activity
- Share with Miss Windy by registering for a Friday Show & Tell session by clicking on our event calendar on July 24th or 31st, August 7th, 14th or 21st at [www.manliuslibrary.org](http://www.manliuslibrary.org)

**Imagine you are a detective!** Think what a detective does. What skills and actions do they take?

**Motivation Spotlight-** How to use your detective skills to figure out what to buy your friend or family member for their birthday?

<https://youtu.be/Xn4mgF-0T8M>

**Clues-**

1. 25 mile long stream in Onondaga County
2. Originates in DeRuyter Reservoir and flows north
3. Flows past Fayetteville, Manlius and under the Erie Canal ending flow into the Chittenango Creek

**Just for Fun Activity-**Create an Invisible Ink mystery. Mix equal amounts of baking soda and water in a bowl. Next, write on paper with a Q-tip. Dry. Brush with grape or cranberry juice to discover what was written.

**Share with Miss Windy!**
